

## Defender® PLUG-IN SIMULATED TV

**The simulated TV gives the impression that someone is home, thus deterring burglars.**

A built-in computer controls the bright LEDs that light up the room and mimic the light projected from a regular television, so when darkness falls, the home looks occupied. Using mains power the unit plugs directly into the wall with, no unsightly wires.

Suitable for any room projecting onto closed curtains, shades or blinds. Ideal for caravans and motorhomes.

<b>Description:</b>	DEFENDER Plug In Simulated TV
<b>Code:</b>	EL00198
